Dunkerson and Trueman families

November 30, 1964

Dear Mr. Lyons:

Recently I obtained a copy of Hester Garrett's book on the Garretts and was delighted with the information it contained on the Sallee family, of which my husband is a descendent. It is because of your valuable contributions to the book concerning this family that I am writing to you, hoping that you may be able to help me.

From the enclosed pedigree chart of my husband's Sallee line, you will note that our family records state that Joseph Maxey Sallee was a son of Moses, the son of Jacob Bondurant. On page 393 of the Garrett book you give Joseph Maxey as the son of Joseph Albertus Sallee and Judith Pankey. This is completely new information to me and if this is true, will solve a lot of research problems for me. For several years I have searched the Library of Congress, and Archives here and the Virginia State Library to find more information on Moses and his wife, Elizabeth Whitmore, but could find none. Could you please send me some reference that you used to establish that Joseph Albertus and Judith Pankey were his parents? Do you also have the names and dates of any of their other children, or can you tell me where to write to find them?

How grateful I will be if you can help me with this most necessary link in our family tree. If I can be of any return help to you with my records here, I shall be most happy to supply them.

Enclosed is a return envelope for your convenience in answering. Thank you.

Sincerely,

Mrs. R. G. Scott

Dear Mr. Lyons:

Thank you so much for taking valuable time to copy so much Sallee information for me. I greatly appreciate it and it has helped me a great deal.

My source for stating that our Moses Sallee was a son of Jacob Bondurant Sallee was from our family history that was given to me when I first started the search about seven years ago. This is the only proof I have.

Our family records show Joseph Maxey Sallee to be the full proper name. I also have additional proof from *The History of Harrison and Mercer Co. Missouri, 1883* p. 738-9. (Lib. of Conga) According to this record, Joseph Maxey Sallee was born in 1815 in Rockingham County, Va. His father, Moses Sallee, was a native of Virginia and a cooper by trade. He died in Tennessee. Joseph Maxey S. moved to Ringgold Co. Tenn. when he was six years old and lived there until his marriage in 1839 to Matilda Ann Dunkerson. The following year he moved to Missouri.

I have enclosed a family group sheet for Moses. You will note that according to our family record he had four daughters and two sons. I am quite sure he is the Moses Sallee of Mont. Co. Tenn. that you mentioned. Your unidentified male Sallee, William, who married in 1849, was probably his son. Could you please send me the names and marriage dates and husbands of the three daughters who married there, or tell me where I can write for them? I hadn't heard of this marriage record before.

There was a Moses Sallee of Wayne Co. Ky. who received land grants there. The following information was taken from "A Century of Wayne Co. Ky. by Johnson, 1800-1900" He was a descendent of the Manakintown Sallees of early Virginia. His father was Peter Sallee. Three of Peter's sons were John, Joseph and Moses, and daughters, Charity and Susan. Moses married Mary Deering of Wayne Co. I have also enclosed a family group sheet on him. I am sure he is not our max, and I doubt he was our Peter Jacob B. Sallee's son even tho his birthday was within five years of the correct date for Jacob's son, Moses.

I have never found evidence that our Moses Sallee married an Elizabeth Whitmore. I have only what the family record said. We have proved it to be incorrect on another item so I can't be sure this is right. There was an early Whitmore family of Virginia, but I have found no Elizabeth of this period. He could have married twice and Caroline Moseley could have been the other wife. Your family legend that the four brothers moved from Virginia to Montgomery Co. Tenn about 1812-16 certainly substantiates the Harrison Co. History that our Moses was born in Virginia and moved to Ringgold co. and that he was probably one of these brothers.

Now I would like to mention the puzzle of the second wife of Jacob Bondurant Sallee. Our family record gave it only as Judith. At the DAR library here we found in the "Marriages of Henrico Co. Va. 1680-1808 p. 74 --- Judith Truman married 15 Oct. 1785, Jacob Bondurant Sallee, daughter of Abraham Truman who consents. Surety Richard Truman". Abraham Truman, in his will, some ten years later, lists his daughter as Judith Sallee. Also, J. B. Sallee and his wife, Judith, have their first child, Isaac, on 15 Aug. 1786, just 10 months after the above marriage date. Yet, if she is the real second wife of this Jacob, why did they name their first son, Isaac Garrett Sallee. And why did two of her sons (Garrett Book) say their mother's name was Judith Garrett. And also, why would our Moses, a presumed son of the second marriage, name his son Joseph Maxey Sallee, the maiden name of the first wife whom he never knew. Of course, this can be explained if his wife was Caroline Moseley, whose mother's maiden name was Maxey as in the record you sent. Does the Reid Bondurant whom you gave as your source still live in Washington, D. C? Perhaps I could speak with him and get more information on it.

In Miss Garrett's book you gave so much earlier information on the ancestry of the first Jean Sallee of St. Martin, France. Would you please tell me where you found it? I was so thrilled to see it.

You spoke of this being such a small world in your letter. I just called a former neighbor, Branda Goodman Fischler, who is from Christian Co. to see if by any chance she knew either you or your wife. She said, yes, she was sure that your wife, Alice, was the librarian at Bethel College when she worked for her as a student assistant and that she also knew her at Peabody when Brenda was a student in the library school there. Do we have the right Alice? Brenda has been working very hard on her family research for several years now.

I am sorry to be so late in answering your most welcome letter. I have two babies just a year apart and I have a hard time concentrating on records when they are awake and find that I must nap with them to keep up with things. But, Oh, how we love them! We also have a ten years old daughter who is a real little "mother" to them. Children are wonderful and certainly make life interesting.

Most sincerely,

P. S. I am writing to Montgomery and Davidson Co.s, Tenn. to see if I can locate wills for either Joseph Albertus or Moses Sallee.

I'm also enclosing a blank family group sheet and would appreciate it so much if you could send me the family of Asahel Sallee. Thank you.

March 9, 1960

Dear Mrs. Anheuser:

Thank you so much for all the information you have sent me on the Bandy and Meador families. The puzzle is falling together a little better now.

However, I must confess I'm still very confused about our George Bandy. If he were only the George listed in the 1795 will, all would fit very well in place. This Richard seems to be the only logical one to be the father of our George. May I ask why you say his son George moved to one of the southern states and therefore is not our George? Was it thus stated in the will? I say it last summer in Richmond, but can't recall just what comment was made concerning his son George. Could he have moved south temporarily and then returned to Virginia? Each of his (Richard's) sons (including John) have children being married either in the late 1790's or early 1800's. (Enclosed family group sheets) Remember Richard being listed as Sr. in the Bot.marriage record and marrying Lucy who was mentioned in the will.

The 1815 Wilson County Tennessee will for Richard Bandy could surely be that of the son Richard. By approximating his birthday (1750-1760) according to his children's marriage dates, you can see that he would fit in very well. Actually we have no record for any other Richard of this age.

We are still faced, however, with the reality of two Thomas Bandys (enclosed sheets) born within three years of each other in Cumberland and Botetourt Counties, Va. The one later moved to Botetourt Co. from Cumberland. I am assuming that one is the brother of George (son of 1795 Richard) and that the other is his uncle (& brother of 1795 Richard). Perhaps he came from England with his brother.

Thus my puzzle falls into place, based on the enclosed facts and assumptions. Thus all Bandys mentioned in the book "Virginia Taxpayers for 1782" p. 6, are accounted for.

- " Bandy, George. Bed.Co." (ours & son of 1795 Richard)
- " John Bot. Col" (" " ")
- " Richard Bed.Co." (1815 will and son of Richard 1795 will)
- " Richard Bot Co." (1795 will and father of all listed)
- " Thomas Bed Co." (either son or brother of above)

Please note that the one Thomas Bandy moved to Sumner Col Tenn. (Rev. War Vet.) and so may not have still been in Virginia at this tax date.

There is no Soloman Bandy listed for this early date. (Only later in 1815 will as Richard's son) Therefore, if Richard Sr. did have twins called Richard Soloman and Solomon Richard, the Soloman must have died before 1782 and this tax date. Did his brother name his son Solomon after his twin brother or was it a mistaken assumption that he had a twin called Solomon? Remembering that your sister recorded no proof of this, we cannot be sure.

It surely helps to get my thoughts down on paper as I write this letter to you, but I do hope that I am not confusing you too much. I feel that I have made a fairly thorough search on the early Virginia Bandy family during the last two years at the Library of Congress, the DAR Library and the Virginia State Library, and I can find no trace of any other early Bandys in Virginia other than these just listed.

The marriage date for George and Drucilla was taken from our family history, compiled by my husband's grandfather, Elzumer Scott, a copy of which I am enclosing. I'm sorry that the print is not too clear. I have found no record of their marriage date anywhere else. In fact, all of Richard's sons seem to have married before county records were made.

It surely helps to talk this over with someone who knows the family line. Perhaps we can work this out yet.

Most sincerely,

In reply to the above, please be advised that in order for us to check our old records we will have to have more specific information as to the date of death. We suggest that you contact Mrs. Albert Ewing, Jr., 124 West Tyne Drive, or Mrs. Edyth Rucker Whitley, 1604 S. Dear Mrs. Anheuser:

I sent a letter to you several weeks ago, answering your ad in the Genealogical Helper asking about my present address, but am afraid that you didnt get my letter.

I am hoping that you might have some new information of the Bandy family. I apologize for not having notified you of my new address when we moved. Since that time we have had two new babies and I haven't found much time for research.

Recently I discovered that a friend of mine is also descended from the early Richard Bandy family and have tried to get some new information from her family, but they evidently have nothing additional for us. I will surely let you know if I do find some.

We have just had a wonderful new breakthrough on our early French Hugonot line. In rereading one of your letters, I noted that you are active with an Alliance Francaise group and wonder if you also have early Virginia French lines. Incidentally, we were in southern France last summer and just loved it. My two years of college French taken sixteen years ago didn't help a bit, however.

Sincerely,

Mrs. Richard G. Scott

Dear Mrs. Scott:

It was nice of you to acknowledge so promptly my add in the HELPER. Now you are wondering why I advertised and then did not answer your letter promptly. Most of my genealogical work is done in the months of January and February for at some period or periods in those months I am snow-bound or ice-bound for a few days. You will note by the enclosed letter that it was in January of last year that I last wrote to you and my letter was returned. It had been so long since I had written you that I anticipated perhaps a change of address and therefore sent the letter Certified mail. You will note on the front of the envelope, also enclosed, that your actual address is on the envelope, put there by some postal searcher, but the letter is returned because your address is "Unknown". Now that I have your address again, I am in the embarrassing situation of having put those records in such a good place for safe-keeping that I do not find them. They are not in the folder labelled Scott in the file drawer.

I am going to present the Ambrose Meador line to the DAR some time this year. If it is accepted that will be a line for your ten year old daughter. At the moment I need Documentary proof that William Bandy was George's son. Would you take time to clear up something that is bothering me a little about your husband's line. On the pink pedigree chart # 1 is Aneliza Bandy who married Aaron Graham Scott. You referred to your husband's grandfather as Elzumer Scott, who wrote the family history. On the first page of this history which you so kindly presented to me I find "Compiled by Elzumer Scott, Jr." Would you have time to take a pink work sheet and start with your husband Richard Gordon Scott as # 1, and you the wife, and chart the ancestry back to and including Aneliza Bandy. I would appreciate it so much.

Your family sounds very interesting and delightful. Tell me more about the children. What did you do with them while you went to Europe last summer? Did you take them along? Had I known you were going, I would have given you the address of a small palace in Paris which until about five years ago was in the hands of ~~Comte Etienne~~ the widow of Comte Etienne Bandy de Naleche. He had been dead some years when she died. The house is now owned by a fabulously wealthy Greek shipping magnate whose wife is the sister of Onassis' former wife. The magazine TOWN & COUNTRY had at least 10 pages, some of them in color, in the December issue of 1960. I have the lineage of this branch of the Bandy family in France traced back to 1530. One couldn't go through this house but one could see the outside of it. The parquet floors in this house are so beautiful that Napoleon wanted to have them removed and put in the Louvre but the little matter of Waterloo kept him from so doing.

So much for this time. I hope to get something worthwhile accomplished in genealogy this spring. My attention has been focused on giving lectures in French at colleges around the state. My horses have been a bit neglected since the middle of November.

Sincerely,

Mrs. R. G. Scott

Dear Mrs. Scott:

I am snowbound today and so have treated myself to the luxury of rereading some of my genealogical material which has lain untouched for almost three years. The carbon of my last letter to you is dated July 4, 1961.

My face is red with shame that I have never returned the archive records which you so kindly sent me. Please find them enclosed and I shall send the letter by Certified mail to insure delivery. I made a copy of them this morning. Until this time it has been impossible to have the time for research in these last years, but I have promised myself to give something else so that I shall have some time to go to the libraries.

In one of your hand-written letters dated May 10 but no year is mentioned. I find that you suggest further research in North Carolina, and you recommend THE ANNALS OF LINCOLN COUNTY. I shall do my best to take up the threads again in North Carolina.

Since my last letter to you I have had the wills and deeds in Botetourt County abstracted up to 1825 or maybe it is 1850. And the Court minute Books have been abstracted up to 1825 for Bandy, Cummin(g)s, and Jordan. I do not know why I didn't mention Meador also.

In one of your letters you voiced dissatisfaction with Harman's ANNALS OF TAZEWELL COUNTY, VIRGINIA. My searcher abstracted it for Thomas Bandy and of course sent me the same information that you had concerning him. My searcher was unhappy too about the information concerning this Thomas and so I quote his comment. "Notice that the Botetourt County Marriage Books tell us that Thomas Bandy married Nancy Peery, daughter of James Peery, on Mar or April 7th, 1806. If the above birth date is correct, he would have been 61 years old when he first and that doesn't sound right. Mr. Harmon got his information from a real old grand son of Thomas who died before completing the report. The grandson was Sheriff William Bandy who died 4-11-1925."

The information from the Court Books is not very enlightening. There is such a repetition of names, Richard, George, John, William, and Thomas that one cannot really distinguish to which generation they belong.

A year ago I had a letter from a woman in Georgia who wanted information on the Cummings line. She was descended from both Bandy and Cummings. I abstracted the Court notes for 50 years for Cummings yesterday and sent them along. It was a full year before I had time to do the typing necessary; so maybe she is discouraged with me. Do you have anything new that might lead to more information on Jane Cummings. She said that Jane Cummings' name was Mahala Jane Cummings. I never heard that before. Would appreciate having a line from you even if you do not have any new information.

Sincerely yours,

Dear Mrs Anheuser:

Thank you for your last letter. I'm sorry you had such a hard time locating me. Someone surely made a mistake at the post office on your former letter.

I'm enclosing the pedigree chart that you requested. Perhaps the reason he signed his history, Elzemer Scott, Jr. was because he had an uncle by that name. I have also included ^{pedigree} some other Missouri lines in case you may ^{have} some information on them.

As I read ^{the part in your} your letter asking about the ~~our~~ children, I ~~was~~ suddenly realized that here we are digging in old records, making a real effort to find out something about our ancestors, & yet in our correspondence ~~over~~ over a period of years, we have mentioned nothing of a personal nature about ourselves. ~~to the point~~ So if you ~~will~~ will bear with me I will tell you a little about myself & our family, if you ^{will} promise to do the same.

I was born & raised in Utah ~~at~~ ~~to Utah~~ where I with my parents ~~when~~ I was 18, when my father was elected to the ~~the~~ Senate ^{of the State of West} in 1947. Needless to say, this move changed my life in many ways. I met Rich my first week at E. W. Univ, where we were both students. We were not married until 6 yrs later, both having finished college & filled missions for the Mormon Church, he in Uruguay and I in the Pacific N.W.

We were soon blessed with 2 lovely babies, a girl & a boy. We lost our little son, however, at the age of 2 1/2 during heart surgery. For several long years we waited for more children but none came. So three years ago we

applied at an adoption agency & ~~since they~~
~~have brought into our home~~ & within six
months little Kenneth Watters Scott came
to join our family circle, & a year later, later, later
little Linda Sallee Scott. We are so
thrilled with them. The agency has promised us
as many children as we want & can care for, so
watch the Scott family we have promise of that
big family we have always wanted. In fact, we
are applying for another baby next fall.

My husband is a nuclear engineer &
works for Admiral Rickover, ~~as~~ directing of the
~~may~~ fabrication of atomic reactor cores &
refueling elements for our atom ships & submarines. It
is fascinating work & he loves it. He has been with
the Admiral for almost 12 years now.

Both of us love to travel so we try to
choose & take advantage of each vacation.

One summer we drove to Mexico & on down to the
Yucatan & ~~with~~. The next year we drove to
Quebec & up the Gaspé to Percé. Last
spring my professor brother was here on Saboteur
lover ^(He speaks 14 languages) & as we heard him ~~talk~~ ^{tell} of Europe
& all its treasures & his many trips there, we

suddenly decided that ~~yes~~ ^{where} we wanted to go.
And ~~within~~ ⁱⁿ a month we were on our way. ^{He} ^{helped} ^{us} ^{plan} ^{the} ^{trip} ^{by} ^{read} [&] ^{studied} ^{hard} ^{the} ^{European} ^{list} ^{of} ^{art} [&] ^{geography} ^{spots}
brother & sister & law came & stayed at our
home with our babies. We took May Lee with us.
What a trip! It lasted only 3 weeks but we
surely saw a lot. We flew to London, rented a
car, stayed 2 days & then on to Frankfurt where
we had ~~arranged~~ ^{pre-arranged} for a VW. From there we drove
thru Bavaria, to Austria, Italy, ^{France, Spain, & Ireland} the Pyrenees,
& down into Spain & Portugal. It was marvelous.

We stayed in old inns & castles & in our
own tent & yes, that's right. We took a tent &
sleeping bags with us. Several friends here had
lived in Europe & had camped when vacationing
here & told us that was the way to really see the

country ~~is~~ & much more quickly too. We found beautiful campgrounds everywhere, well equipped & with friendly hosts & guests. Like Spanish enabled him to communicate well in both Italy & Spain.

Each day was a real adventure, traveling with him. We especially fell in love with Spain. It was so fascinating, friendly & clean. In sure we saw Europe the way few Americans ever see it but that is the way we like to do things. We can hardly wait to go back. However, we hope to visit Greece & her fabled isles islands next. But that probably won't be for several years. I'm really ~~astonished~~ ^{happy to} tell you that we left Paris out of our trip. But we love that & look forward to next time. ~~some time~~ Then I we shall look up that charming small place that you told me about.

~~You see, when I get going,~~

~~How I am looking forward to being~~

you mentioned in your letter that you had been neglecting your horses. ~~The~~ The name Pedman Farms has long ~~interested~~ fascinated me. Do you have racing horses? How interesting it would be to lecture at universities ^{how stimulating it is to keep up with you} ~~at your family~~ ^{in my} ~~that you find time to do this now?~~ My husband would love to have me ~~to learn Spanish, & urge me to do so.~~

How I wish that I had taken it ^{when} in school. I have so little time to study now & genealogy is really my ~~first~~ ~~love~~ & I'm anxious to spend the little time I have on genealogy.

I surely do appreciate the information that you have exchanged with me on the Bandy family. Perhaps someday, we will hit that wonderful point of connecting them with their big ancestors.

Sincerely,

Dear Mrs. Scott:

The season for the Alliance Francaise of which I am President has ceased its activities for the summer and I expect to take up again the interesting puzzle that is the history of my ancestors. I cannot tell by the material in my files when last wrote you, but surely I must have acknowledged the material from Utah that you acquired on your vacation and that you sent me on October 19th. It must have been a hand written letter as there is no carbon in your folder in my files. If I didn't ever acknowledge it please accept my apologies. I was so busy with my Alliance and the work became more demanding as the year went on. In addition to the regular monthly meetings of the organization, the monthly meetings of the Board of Control, I delivered a lecture of an hour each Monday afternoon in French. I also attended and supervised the conduct of four conversation groups each week. In addition I wrote the material and had published, and addressed for mailing a small newspaper in French. I finally acquired a bilingual secretary, just arrived from France six weeks before coming to live with us. What a mistake! All I had was a house guest for four months who was more of a bother than a help. I had no opportunity to do anything in the field of genealogy.

I did, however, have some research done for me in Bedford County, Virginia. The Bandy marriages are not new material to either you or me as you included them in your notes to me long ago. The Deeds may be new material to you and the notations from the Court Order Books. You probably will not be interested in the Jordan marriages as that concerns the family into which William Bandy, brother of Reuben, married. William's wife was Elizabeth Jordan. As yet I have not located her father. I have numerous JORDAN deeds also for Bedford County. If they will interest you let me know and I will copy them for you.

Sincerely Yours,

Mabel Ruth Anheuser

le 28 aout 1960

Dear Mrs. Scott:

Don't be alarmed at the date above in French. Since June 19th, I have written over 150 letters of considerable length in French. I have been doing some membership work for the Alliance Francaise of Saint Louis of which I am President and also arranging for a reception to be given by this society for the French Ambassador when he visits our city in September. Because of all this additional activity plus my daily horseback riding of which I do at least three hours, my genealogical research has been almost nothing.

By now you are doubtless back from your vacation. I hope it was a pleasant one and that it was fruitful genealogically speaking. Others who have visited the Mormon Library find it unindexed and very unsatisfactory for locating material. At least that was the report to me about nine months ago.

Enclosed are the three dollars that you sent me before you left. I did not mean to embarrass you and I certainly did not expect you to pay anything for them. I was so overjoyed at finding some tangible about George Bandy-- as he was a witness to one of the deeds-- that I wanted to share my knowledge with you in this way. Now since I last wrote I have received two deeds of conveyance by George Bandy and Druscilla, his wife. These together with the Ambrose Meador will in which Druscilla Bandy is mentioned proves that this George Bandy is the right one. One deed is from Geo. Bandy & Druscilla for 120 acres to ~~xxxx~~ James Stith or Stiff, date May 20, 1800. The other deed, June 16, 1801 from Geo. Bandy & Druscilla, his wife, to John Hook of Franklin County for 45 acres. This last deed goes on to trace the land from the original patent. It was a portion of a tract first patented to Mathias Reese; by him conveyed to John Bradshaw; by him to Richard Bandy; by him to George Bandy. The relationship

2

of George Bandy to Richard Bandy is not stated in this deed. I have sent for the deed from Richard Bandy to George Bandy and the deed of John Bradshaw to Richard Bandy. I may be able to find out whether ~~ix~~ George is the son of Richard and maybe from the other deed from where Richard came from. It will probably two or three weeks before these deeds arrive. All these deeds I have mentioned are on file in the Bedford County Court Records. They may also be at the State Library. The Public Service Claims, Bedford County, Certificates (59 452) came from the State Library at Richmond. Without taking into consideration the last two deeds, you have above the material for a D A R line thru Ambrose Meador. Oh yes there are two deeds of Micajah Dowell who was George Bandy's brother-in-law. In Deed Book 11, page 1157, it is disclosed that George Bandy once owned adjoining land but that it was then in the name of William Jordan (1804). Deed Book 7, page 439. This deed was in 1785. The same Micajah Dowell deeded land to John Farmer. George Bandy owned some adjoining land at this time.

The Deed Books for George Bandy's deeds are 11, page 370 for 45 acres; Deed Book 11, page 278 for George Bandy, 120 acres. I neglected to mention the number of the deed Books for George above.

When I receive the Richard Bandy and John Bradshaw Deeds, I shall write you.

I am disturbed about the date of birth of Thomas Bandy's (Rev. Soldier) first son Thebe Christian. I wonder if he died very young. You list his birth date as 1765. According to my sister's files, and the information was given as having been taken from his pension ~~appx~~ papers, this child was not mentioned. Thomas' birth date was given as 1748. He would have had to be married at 16 or a few months over to have been married and produced a child by 1765.

I have just reread the carbon of my July 7th letter to you. I see that I am repeating myself. It is possible that the maiden of Polly, the first wife of Thoams, was Christian - or Thebe. Do you have much information on Bandy's in Maryland? I am going to have some research done in Tenn. this fall. I am advertising for researchers in certain counties as I just can't get any ~~ix~~ from some of the Tenn. Circuit Clerks. Sincerely, *Nobel Ruth Wheeler*

Dear Mrs. Scott: Thank you for your fine letter of March 9 and also the wonderful family history. I have been waiting for some information from my searcher in N. C. before trying to answer your letter. She is vacationing in Fla. with her father who has had a light stroke. Her letter arrived just this A. M. telling me that it would be a little while before she could continue with the research. About the first week in June I shall write you regardless of whether she has a report for me from N. C. At that time I will tell you what I think the picture of the family is. We differ greatly in our ideas. The George who is mentioned in the will of 1795 is not our George. He is son of the twin Richard Solomon. He goes to North Carolina to Lincoln County and dies there in 1822. I have a list of all his children. Our George goes to Kentucky about 1815 and dies in Breckenridge County about 1838.

Sincerely,

Mrs. Richard Scott

Dear Mrs. Scott:

Thank you for your letter of May 10th. Here is the letter I promised a month ago to tell you the picture tha I have of the Bandy family. New material can change my viewpoint very readily. (It is said that a good genealogist must be able to change his viewpoint. Of course I shall ~~never~~ be in the category of a good genealogist!)

Before continuing with the my outline, I wish to tell you some real good news. I am sending you under separate cover a photocopy of two deeds in which AMBROSE MEADOR of Bedford County is involved. When I get some material from the Library of Virginia for which I am sending tonight, I shall have a new DAR line established for me and for your daughter. It will be for Ambrose Meador, father of Druscilla and father-in-law of George Bandy. He was a Quaker but he did what today would be termed "Civilian Defense". The two deeds will establish by Documentary evidence that he was in Bedford County at least between 1771 and 1793. When I get the photocopy of the Public Service Claims, I will send that on to also.

Yes I know that there are many Bandy's in North Carolina. It is an important family in the state. My searcher in North Carolina is temporarily not doing anything as she is in Florida with her father who had a light stroke over a month ago. The N. C. ones are all collateral ancestors. My personal opinion about where the Bandy's landed is t at it was either New Berne on the Carolina Coast or some where along the Virginia Coast. I can't prove it.

My picture of the family is as follows. Richard Bandy and at least two brothers arrived in America at the same time or about the same time, ~~maybe not~~ before 1740. The Brothers could have been James and Robert. I have no proof of these conjectures.

Richard Bandy, my direct ancestor (and your husband's also) had several sons. If he had daughters (and he must have) I do not know their names. He had twin sons, which I think were the oldest. Their names were Richard Soloman and Solomon Richaard. It is said that each went by his first name. Another son, Thomas, was, according to his pension papers, born in Cumberland County in 1748. My ancestor was supposed to have been born in Botetourt County in 1758 and his name was George. There is mention of another son, John, but of him I have no information. The twins as you can imagine, have caused endless confusion. ~~Textake~~, The will of Richard Bandy in Botetourt in 1795, I believe to be that of the twin Richard Solomon. The other twin went to Tennessee as did the brother Thomas. Tennessee is just full of Bandy's. (There were twenty ~~Bandy's~~ Bandys in the Confederate Army in the Civil War from Tennessee alone. George Bandy (my Geo.) migrated to Kentucky. He died in Breckenridge County in 1838. Many of his descendants migrated to Illinois. Reuben went to the vicinity of Galesburg. His brother, William, my great great Grandfather went to Vigo County, Indiana. He lived just about on the Illinois line and many of his descendants moved on to Illinois.

The George who is mentioned in Richard's will in 1795 in Botetourt is, I think, the one who by the 1790 Census was established in Lincoln County, North Carolina with four sons. He died in 1822 in that County. I have a list of his children when the will was probated. I can't locate that list tonight. I do however have the list from another source which I shall quote: 1) Milley, 2) Polly, 3) Elizabeth, 4) Nancy, 5) Catherine, 6) Sarah, 7) Makalah, 8) Susannah, 9) John, 10) Thomas, 11) William, 12) George Jr.

George, son of Richard, was born 1750. (My George- son of Richard- wasn't born until 1758.) That means tha the nephew is eight years older than the uncle!

I cannot cope with Thomas Bandy born in Botetourt in 1745. I do not know whose son he was.

Where did you find the name of Thebe Christian Bandy as Thomas' first son born in 1765. (I am speaking of Thomas who was born in Cumberland Co..) If he had a child in 1765, he would have been married at the age of 16. That is the first time I ever saw that child listed.

The original Richard Bandy was married to Jane Cummings. He was born in Liverpool and she in Dublin. Where they were married, I do not know. Had they been married in England or Ireland, they probably would have had a child born ~~in~~ in the old country or on shipboard. They didn't wait very long in those days to have a child.

Just one other little thing to trouble us both. Virginia Taxpayers for 1782 evidently doesn't list George Bandy of Cumberland County. Taxpayer\$ of 1789 in Cumberland County has a George Bandy listed. I think George Bandy, son of the Richard of the 1795 will in Botetourt, was still in Botetourt. I didn't think he left for North Carolina until 1787. This George who went to N. C. married Christine Slinkard.

I have never done any research on Bandy in Maryland. All I have is the one named John, who died of wounds received in the Revolution. If it isn't too much trouble, would you list for me the Bande and Bandy\$ that you have found in Maryland. Maybe they will give me some clue to the over all picture.

Did I tell you that in Cumberland County, Virginia in 1789 there were three men by the name of Holland whose middle name was Meador and in good Meador fashion all the names began with J?

JAMES MEADOR HOLLAND, JOEL MEDOR HOLLAND, JONAS MEDOR HOLLAND.

Sincerely.

Dear Mrs. Anheuser:

Thank you for your letter of January 6, and the information it contained. I have been trying to compile and retype my notes so they will be in better order and that is why I have been so long in answering.

As I retyped by Bandy and Meador family notes, I thought you might like to have a copy of them. They are rather sketchy but may help you. The Meador family seemed to be rather a large one at the time Drucilla married George, and I'm having a difficult time getting the families into the right groupings. We plan on another trip to the Virginia State Library soon and will go over all the old Meador wills.

The Mr. E. Scott of Ridgeway, Mo. to whom you referred, is my husband's grandfather who is now living in San Jose, California. It was he who sent us most of the family stories that we have on the Bandy's. Concerning George Bandy's was record, I have no proof of it either, only that it was mentioned in his family record.

I have not as yet checked the service record of John Bandy but plan to do so very soon. My little girl attends school in the mornings now and I may be able to get into the city research libraries more often. Next year she will be six and will attend full time. I have two neighbors who are very interested in genealogy and we plan to go in during school hours. Also, next summer, we will be spending a month in Salt Lake City and plan to do research in the Church library there. I understand that it is the largest genealogical library in the world. Any information that I find I will be happy to send to you.

I do hope the enclosed notes will be of some benefit to you. Your letter, and the information contained therein, was greatly appreciated. Your check is enclosed as I cannot feel right about accepting money in exchange for genealogical information. It would be different if I were a professional genealogist and made my living that was. I'm sure you will understand.

Most sincerely,

Dear Mrs. Garrett:

I corresponded with you two years ago concerning the genealogy of the Sallee family - Jacob Bondurant and his wife, Judith, in particular. I apologize for not having answered your letter sooner. During this time we moved and had a new baby and somehow my genealogical research interest was sidetracked. I do want to get this letter to you before the Birth of our next baby, which will be soon.

In your letter to me you mentioned being told by Sallee family members that it was Judith Garrett who was Jacob's second wife. This was the first time I had come across this interesting information during my four years of research on the family. My proof for her maiden name being Trueman comes from the "Marriages of Henrico County, Va." 1680-1808. p. 85, found in the DAR Library, Library of Congress here and also in the microfilm files in the Virginia State Library. Abraham Trueman is listed as her father. Also at the Virginia State Library I found the will of Abraham Trueman, dated 1796, wherein he lists Judith Sallee as his daughter. Thus I have the two records to verify her maiden name.

There is a War of 1812 pension application here in the National Archives made by her stepson, Jacob Sallee, dated 9 Oct 1855, who was pensioned in 1872. He was then a resident of Bracken County, Ky., and died there in 26 January 1883 at the age of 92. He mentions no name of his mother or stepmother. Is this the stepson of whom you made reference? These were the only pension papers I found at the Archives for any Sallees during the War of 1812. I shall be happy to make another check if you can supply me with the name of the stepson who named his stepmother as Judith Garrett. Later, in the 1800's, I have run across the name of Garrott intermarrying with that of Sallee.

This time I am enclosing the pedigree charts that I had mentioned previously. Sorry I didn't get them in before. Thank you so much for your letter and again I apologize for not having answered sooner.

Most sincerely,

Dear Mrs. Scott-

I am sorry to be so long in answering your letter of 15 June but I misplaced it and only recently came across it when checking through my Sallie notes. However, you failed to include the chart on your husband's Sallie line.

Your comment on Judith Freeman is interesting. I have the same information but all of my Sallie correspondents give his wife as Judith Garrett + offer proof from their stepsons war record. Also list her first son as Isaac Garrett Sallee. So I have been uncertain as to which is the true wife. Both sets of proof seem conclusive. If you have more on that, I'd surely appreciate it. I'd be happy to add anything I can to your chart.

Sincerely,
Hester Garrett

Dear Mrs. Garrett:

A friend wrote me concerning the book on the Garrett family which you recently wrote. Yesterday, I went to the Library of Congress to see it.

You surely have done a magnificent job and are to be congratulated. Having done genealogical research myself, I am well aware of the many years of patient, tiring research that went into such a book.

I answered your add in the Genealogical Helper several years ago while you were in the Canal Zone, concerning Judith and Jacob Sallee. I apologize for not having kept up this correspondence, as I am deeply puzzled by the parentage of Judith. Until I received your letter I had assumed she was Judith Truman because of the marriage record. If only we could find more proof one way or the other. As you can well imagine, I would love it to prove to be the Garrett line because of all the wonderful information that you have compiled. Never the less, a Judith Truman did marry a Jacob Sallee in the right county, a year after his first wife died and his next child was born a year after this marriage. Also Judith's father, Abraham Truman names his daughter as Judith Sallee in his will of 1796, eleven years after the marriage. This eliminated the possibility of her having died soon after the marriage and Jacob marrying another Judith

During the past three years my mother-in-law and I have exhausted every source we could find at the Library of Congress, D A R Library, Archives and Virginia State Library to find more information. I am also writing Jack T. Lyons, whom you mentioned as suppling you with information. Perhaps he has more Sallee family information for me on other family groups.

Do you still have copies of your book for sale, and if so can you please advise me of the price? Thank you so much for all the work that you have done.

Sincerely,

Mrs. Richard G. Scott

Dear Mrs. Culp:

Again I want to thank you for the information you sent me on the William Holland family, my husband's ancestors. It has been of great value to us. You have us far more detailed information than I had been able to gain from the Library of Congress or the U. S. Census records.

You stated that no one in the direct family could help you. Were you able to obtain all this excellent information from an early church or Bible record, or are there city records there in Washington where you secured it? I am still hoping to discover the identity of William Holland's parents in North Carolina and perhaps somewhere in the records in Washington, Illinois. I may be able to find them. I've searched the Lincoln County, N. C. records but have found very little.

If you would be so kind as to give me the source of your information or a person to whom I might write it may mean the end of a long family search for us. I would then write directly to the person who has these records and would not have to bother you again.

Thank you so much.

Sincerely,

Mrs. Richard G. Scott

Dear Madame:

According to the United States Census, 1850, a Mr. William Graham lived in your county and at that time was 72 years old. If he left a will, it would be dated between the years 1850 and about 1875. Do you have such a document?

If so, I would appreciate receiving a copy of it and would be happy to send a check if there is a charge for this service.

Yesterday I purchased a copy of an old book containing all this information that I have searched these many years for and would like to know if any of these names are in your Temple files now. Dear Mrs. Holland:

I realize that I am a stranger to you, but I am hoping that you may be able to help me. A short time ago I wrote to your librarian there at the Washington Public Library and asked her if she might be able to supply me with some information concerning William Holland, who was a founder of your city. I also requested that she help me get in touch with one of his descendants, and she sent me your name and address, stating that she understood your husband is a descendent.

I am doing this research for my husband's family and I am enclosing a pedigree chart showing his ancestral line back to William Holland. You will note that I have not been able to establish the names of his parents or grandparents in North Carolina. Do you have any records in your possession that might give me this information? I would appreciate it so much. I have searched at the National Archives and the Library of Congress here in Washington but can find very little. I have also written to Lincoln County, North Carolina but they have not been able to give me any further information.

Also enclosed is a family group sheet listing all the children I could find mentioned in the National Census records and in his will of 1867. According to an old Tazewell County history book, he had three wives, and 21 children, but I have the complete name of only the first wife. (Incidentally, I have traced her genealogy back to the 1500's in England on one line.) Can you help me list the right children with their proper mother and also supply the names of these mothers, and the missing birth and death dates?

I will greatly appreciate any help that you may be able to give me and will be most happy to share the Holland family information that I have with you if you are interested in having it. If you cannot help me, perhaps you may know of a relative who can supply the missing information. If so, please feel free to either pass by letter into him, or to give me the name and address and I will write directly.

Thank you so very much.

Most sincerely,

Dear Mrs Lyons-

At the Lit of Cong. I ^{in Mr. E. Small's book on the} ~~recently~~ ^{just} read of your
of your help in ~~is~~ in supplying information on the
early Sallee family of Virginia. For several
years I have been engaged in research on ~~the~~ this
family of which my husband is a descendent
of the early Abraham of Monahontown. Since
he is descended thru Jacob Benjamin Sallee &
his second wife, Judith, I am especially
anxious ~~to~~ find her true identity. I had
thought this problem to be solved because of the
Henrico Co. rec. for Judith Trimmer & Jacob
Sallee. Her father Abraham Trimmer also
listed her as Judith Sallee in his will eleven
years after her marriage. Jacob named her
(Judith Trimmer) one year after his wife's death
~~at their first~~ This marriage date of _____
is one year after Jacob lost his first wife & his
1st child by the 2nd man was one year later.
I have searched the L R Archives, DAR
list & Va State Lit. but can find no
new add. information. Can you help me?

I was especially thrilled with your historical
account of the Sallee family progenitors in France
& Eng. May I ask your sources for this info - as
I have been unable to find anything on it. I would
Larky - I after Indian Spring appreciate it so much.

my task

One other person? As you can see from the ~~my~~ ^{enclosed} ~~husband's~~ pedigree chart, my husband is descended through Matilda Ann Durbin.

As a result of much research I have concluded that she is the daughter of John D., a son of Thomas D. ^(the no. way off) of Christian Co. Ky - I note from your address that you reside there. Is it possible that you may know something of this Durbin family (of which there were about 9 children) or can direct me to someone who does?

If I can supply you with any Sallee family information that you may I have enclosed the pedigree charts so that you may know the Sallee family lines & what I have information in case I can help you in any way.

Thank you for any help you may be able to give me.

Have names already been sent in to your Temple file for any of these persons other than the two number one women on each of the pedigree charts, which I have previously sent in? Dear Sister Grisso:

I am writing to you concerning a genealogy matter. Your cousin, Rachael Farley, is in our ward here in Chevy Chase, Maryland, and as we attended a genealogy class one day, we discovered that she and my husband are both descended from the Bandy family of Virginia.

We had done research on this family for years so you can be sure that we were most happy to make this discovery. She told us that you are also working on this family line and that perhaps you can help us answer some questions from your records there. We will appreciate it so much.

I am enclosing our pedigree chart for as far back as we have proof of our family. We are confused as to the identity of our George Bandy's parents. The Richard Bandy whose will is recorded in Botetourt County in 1795 lists a son George, whom we had assumed to be ours. However, one of our correspondents tells us that this George is the George found in the North Carolina 1790 Census, but offers no proof for her claim. We know for a surity that our George was the husband of Druciller Meador and that he stayed in Botetourt County. Can your records help us?

As for problem number two: Do you have records of any earlier Bandy than the above mentioned Richard? Again, our correspondent, Mrs Anheuser, whose sister spent years in research on the Bandy family, says her sister's records state that Richard Bandy and his wife Jane Cummings were the first immigrants and that their children were: Thomas, George, John, and twin sons Richard Solomon and Solomon Richard. But her sister did not leave any proof as to where she found this information. Have you heard of this family?

Several years ago, I sent in our family line to the Temple and the work has now been down back to George and Druciller. When in Salt Lake at the Temple Archives, I found only the Bandy records that I had sent in for the U. S. family. However, there were many old English Bandy family group sheets that had been completed. I am hoping that perhaps you can help us connect these all up. We have many Bandy family marriage records, etc. from Virginia files and will be happy to exchange information with you if you wish.

Thank you for any help that you may be able to give us.

Most sincerely,

Mrs. Richard G. Scott

Dear Mr. Dunkerson:

Thank you so much for the information that you sent me on your Dunkerson family. I'm sure that they will aid me in my research.

You may be interested in some of the general discoveries that I have made. There are just three early 1800 Dunkerson families in the United States of whom I can find any record for at the National Archives, Library of Congress or the D A R Library.

1. The early Virginia family located in central Virginia. The only one to carry on the name was Thomas, whose record I sent you and who moved to Christian Co. Ky.
2. Your North Carolina family composed of William, James, Mark and John. It is my suspicion that they are either grandsons of the Va.-Ky. Thomas or of an unknown brother of his. Among the seven Dunkerson Union Civil War soldiers that I checked on last week, 2 were Williams, 2 were James, and 2 were Johns. And they were all from the Ky. Thomas family. These given name similarities often give real clues to family relationships.
3. A Chambersburg, Pa. family had four sons who served in that war. Their father's name was Robert Dunkinson, who was also born in Pennsylvania. Note the slight difference in the spelling of the name. This Pa. town is located not far from the old Virginia border, so they, too, could be from the Virginia family.

The original spelling of the name for the Virginia family was evidently Duncanson, which is a Scotch name. It was not a common name there either, so that research of it will not be as complicated as with a common name.

I shall be happy to inform you as my work progresses if I make any interesting new discoveries in history or relationships, if you are interested. Again, thank you for your letter.

Sincerely,

Mrs Richard J Scott

P. S. If you have any record of which county in North Carolina they lived in, it would help a great deal.

was married in Mont Co. Tenn (just over the Ky border) in 1838 - We think
her father's name may have been James but we not sure -

Mr George Durbinson

~~because~~ ~~in writing you the letter~~

of old Durbinson who moved to Mercer Co. Mo. in
about 1860 ~~from~~ from Ky - He had a daughter
Mathilda ^{Ann} who was the ^{grand} ~~great~~ ^{mother} of my ~~father~~ ^{grandfather} -
~~her~~ - We have been told that in some way have
been James - ~~My~~ Mathilda moved in Mont Co. Tenn in 1838 -

Because you have the same surname & are
living in Ky, I am writing to you, asking hoping
that you may be able to give me some information
that may ~~be able to~~ link my Durbinson family

Dear Sir:

I am very anxious to find some information concerning William Holland, who was the founder of your city, moving there in the early 1820's. He is an ancestor of my husband's.

I have done considerable research here at the Library of Congress and have the information contained in the following Illinois county histories:

1. Biographical Record of Tazewell & Mason Counties
2. History of Tazewell Counties
3. Menard & Mason Counties

None of these histories tell where in North Carolina he was from, or who his parents were. This is information I am most desirous of obtaining, along with the names and birth dates of all of his 22 children and also his second wife.

Do you have any of this information there in your local library? If not, is there perhaps one of his grandchildren still living there in Washington to whom you could pass on this letter, who may through the help of an old family Bible or other record be able to answer these questions for me?

I shall greatly appreciate any help that you may be able to give me in this matter. Thank you so much.

Dear Mrs. Scott:

The only other information we have on William Holland other than the books you listed in your letter, is contained in a small volume of history about the city of Washington. The following paragraph taken from this book may be of help to you:

"William Holland, Sr., was born in the county of Lincoln, North Carolina, in 1780. In the year 1815 he removed to Illinois Territory and settled at Edwardsville, in Madison County, where he remained three years; then removed to Menard county, where he remained two years, and from thence to Peoria in 1820. During his long and eventful life he was married three times, and was the father of twenty-one children--fourteen by his first wife and seven by his second wife. He had eighty-two grandchildren, most of whom are still living, and fifty great grandchildren. He died at his late residence in this town on the 27th day of November, A.D. 1871, at the advanced age of ninety-one years. Up to within a few years of his death he was vigorous in body and in full possession of his mental faculties. His son, Lawson Holland, was born in North Carolina, and came here with his parents." From the Early History of Washington, Illinois and Vicinity, published by the Tazewell County Reporter, nd.

There is a Mrs. Anna Holland whose address is 207 Walnut Street, Washington, Illinois, who might be able to help you further as her husband is a descendant of William Holland.

Dear Sister Scott:

According to a sheet on file in our Archives (see enclosed) the Elizabeth Woodson who married Abraham Sallee was daughter of Josiah Woodson and Mary Royall and granddaughter of John Woodwon and Judith Tarleton.

Inasmuch as this does not represent the blood ancestry of your husband, he would not be permitted to submit records on the Woodson lineage for ordinance work. However, it appears to be pretty much worked on.

Dear Miss Morris:

Thank you for sending the will of Thomas Dunkerson. It contained information that will help me a great deal in locating the James Dunkerson for which I am searching. His will mentioned sons named Thomas Josiah, John Robert, David, and Washington. James, I believe, is the son of one of these men.

Will it be asking too much to ask if any of these sons left wills and if so, may I have copies of them? They would have been recorded after 1836 and probably before 1890. I will be happy to pay any charge that may be made for this service.

Dear Miss Morris:

Thank you for your search on the Dunkerson wills. I shall now attempt to find them in Trigg County which was formed from your county.

The other ancestor that I am anxious to locate lived in your county during the 1840 Census and at that time was near 70 years of age. His name was Lewis Atkinson (Adkerson) and his will would have been dated between approximately 1840 and 1860.

Again, I will be happy to pay for a copy of such a document and will greatly appreciate your help.

Most sincerely,

It is my understanding that the early Huron County records are in your office. I am very anxious to locate a possible will of a Mr. Putnam who lived in your county between the years of 1830 and 1850 as stated by the U. S. Census records.

A search of your records will be greatly appreciated. I shall be happy ~~of~~ to send a check if there is a charge for copying such a document.

Dear Sister Scott:

I was glad to get your letter of Sept 1. Our letters must have just crossed in the mail.

I am enclosing a sheet of information which I got out of a book which I have. This is one of the sources where I found Judith Garrott instead of Trueman. Also a S.D. Maxey, Rt 2, Cumberland, Md. also thinks its Garrott. However if you've ever written to him you know he is somewhat of a kook! and I'm not sure his word carries too much weight. This Miss Garrett tho has done alot of research and has this book well documented with about every court, census and vital record available.

By the way did you see the ad in the recent issue of the Genealogical Helper from Everton Publishing Co?

Attention Mrs. Richard G. Scott formerly
of 304 Bradley Ave, Rockville, Md.
Please advise Mrs. Fred S. Anheuser,
Kimmswick, Missouri of your current address.

Just in case you hadn't seen it I'll pass it along.

If Judith turns out to be a Garrett this book would be invaluable to you. It's over 400 pgs and just full of Garretts and I doubt if all the work has been done on them. It would take you years to get it all to the Temple.

Let me know how it turns out. Have you ever tried to find anything in France about the Sallees? I wonder how their records are. I'd like to see if I can verify this Isaac de Saily information. Well I must close now. Thanks again for writing.

Sincerely,
